

How'd you like to receive your choice of either a \$50 universal gift card or three months free alarm monitoring?

**Thank you** for being a valuable alarm system monitoring customer. We appreciate your trust in us.

Which is why when you add to an existing system, or buy a service you don't have now, we'll give you a gift.

That's also why we're offering you a gift when anyone you've told about our superior services – your manager... supervisor... family members... friends... relatives... neighbors... and acquaintances – becomes an Electronic Security Specialists and Cabling Inc. (ESSC Inc.) customer.

While you know ESSC Inc. ensures you have excellent 24-7-365 alarm monitoring of your premises, we also provide...

- Commercial cameras
- Commercial access control
- Network Cabling and Fiber Optics
- Closed Circuit Television (CCTV) Systems

So when someone you tell about ESSC Inc. becomes a customer, we'll give you your gift card or three months of free monitoring.

Refer as many as you wish, and receive your choice every time someone you've told about us becomes a new ESSC Inc. customer.

What makes ESSC Inc. different?

We do what we say, when we say. That's how we pleased you.

**Electronic Security Specialists and Cabling Inc.**

1619 Bartlett Road  
Memphis, TN 38134

**901-366-4505** [electronicsecurityspecialists.com](http://electronicsecurityspecialists.com) TN#336 AR#E2002 0072

**Why not tell others you know about the professional consultative customer service ESSC Inc. provides and get your gift?**

Call our office today – **901-366-4505**. As soon as the person you've referred chooses ESSC Inc. for monitoring, cameras, CCTV, access control or data cabling I'll send you your universal gift card or arrange for your free alarm system monitoring.

Thank you,

**Jim Turner, president ESSC Inc.**

Established in 1987, Electronic Security Specialists Inc. holds licenses necessary to serve you in Tennessee, Arkansas and Mississippi.

All ESSC Inc. technicians have passed security screening for and are registered with the State of Tennessee. And since ESSC Inc. installs systems for the US government, all technicians have also been screened by Department of Homeland Security (DHS).
