

Hi this is Kim from Almatays Restaurant in Smithville, calling to give you your choice of a free soup or pasta or garlic bread the first time you call to sample our food.

I don't want free food.

Thank you and enjoy the rest of your day.

It must be crap if you're giving it away.

We're doing this because not many businesses know we've been serving fine food fast for over two years now.

May I fax our exclusive business menu to you, please?

Okay

Great... What's your fax number?

(Repeat number to ensure accuracy)

Thank you. I'll fax you our exclusive business menu right away.

When you're hungry for fine food fast, call or fax us and you'll be eating the best food around in minutes.

If you let us know ahead of time, we'll prepare group orders of unique items that aren't normally on the menu... including international meals of your choice.

We also cater meetings and special events... and we can deliver.

As an exclusive business, you get advance notice of any menu changes or unique items before anyone else.

And a free soup or pasta or garlic bread on every order over twenty-five dollars.

How much does your food cost?

Our menu starts at two dollars fifty cents for garlic bread. A lunch-sized pasta with red sauce is three dollars...a dinner-sized is five dollars fifty cents.

Other meals are also five fifty, up to ten dollars for shrimp pasta with garlic butter and white wine sauce.
